Kerry's Place Year-in-Review

What an incredible year! From hosting informative town halls, to announcing new housing projects and advocating for Autism funding, we are proud of our staff and volunteers for all they do to support Autistic communities.

April

Hosted a well-attended first Town Hall on **Aging in Place**

May

Recognized employees at **3 regional Pillars of Excellence** events

July

Welcomed new residents at the **Uniti Rental Residence** event

June

Raised $133,487 at the **Annual Golf Classic Tournament**

July & August

Had a blast at our **3 annual Disc Golf Tournaments**

November

Presented with the **Workforce Capacity Grant** by MPP Dawn Gallagher-Murphy

January & February

Welcomed MPPs into our homes to advocate for Autism support

Hon. Sylvia Jones, MPP for Dufferin-Caledon and Ontario's Deputy Premier and Minister of Health met with Kerry's Place employees and family members at Leader home in Orangeville (February 6). MPP's from other regions also visited over the two months:

January 2026

- Tyler Allsopp, MPP for Bay of Quinte
- Jennifer French, MPP for Oshawa
- Charmaine A. Williams, MPP for Brampton Centre
- Alexa Gilmour, MPP for Parkdale-High Park
- David Smith, MPP for Scarborough Centre
- Mike Schreiner, MPP for Guelph, Leader of Ontario Green Party

February 2026

- Stacie Korjenevitch, Executive Assistant, Office of Kinga Surma, MPP for Etobicoke Centre
- Dawn Gallagher-Murphy, MPP for Newmarket-Aurora
- Lorne Coe, MPP for Whitby

October

Broke ground on a new housing partnership at 777 Victoria Park

September

Opened our new Brampton office at 178 John Street

Letter from our CEO & Board Chair

In July 2026, Sue retires as CEO and Jan's term as Board Chair ends. From all of us at Kerry's Place, thank you for your tremendous contributions!

As we look to the future, we remain steadfast in our commitment to enhancing the quality of life for Autistic individuals and families.

Kerry's Place continues to advance our role as a leader in Autism services through advocacy, innovation, and partnerships. This year we strengthened advocacy efforts through meetings with many MPPs, ensuring the voices of Autistic individuals and families continue to be heard.

Our Supported Living programs saw significant achievements. Passport funding utilization reached 95% and 71 events were organized for supported individuals to foster connection and participation. We also enhanced workforce stability by reducing reliance on overtime and external agencies by 19%, an important step in building a more sustainable workforce.

Our housing strategy marked important milestones with the purchase of land in Orangeville and plans to build a specially-designed home for Autistic individuals. Major fundraising initiatives are planned and ready to launch next year to support our future housing growth.

Across our community-based services, the Ontario Autism Program met and exceeded targets, and we expanded growth opportunities through Purchased Services and partnerships with municipalities and organizations which advances our ability to deliver quality services to families.

Clinical excellence remains a priority. Our three models of care were enhanced to better support the complex needs of individuals and we continued to strengthen compliance practices and prepare for the Accreditation Canada review.

Kerry's Place is supported by 1,200 employees and this year 251 were nominated for Pillars of Excellence awards—an inspiring reflection of the compassion and professionalism demonstrated across the organization.

As Sue retires from her CEO role, we reflect on the tremendous journey Kerry's Place has taken. In the past nine years, we grew from a regionalized $60 million operation into a $90 million organization, and successfully unified three regional Supported Living programs under one leadership structure, improving clinical, operational, human resources, and financial practices. We worked collaboratively with the MCCSS to establish the Ontario Autism Program and expanded the availability of Purchased Services across the province. Equally important, we strengthened family and community engagement through our four Advisory Committees, each representing the diverse clients we serve. Most recently, we introduced our ten-year housing strategy and achieved Exemplary Status with Accreditation Canada.

These accomplishments could only have been possible with the dedication of the Board of Directors, our staff, volunteers, families, and community partners. **Thank you for your continued commitment to our mission and to building a better future for Autistic individuals**. We are so grateful to have been part of such an incredible organization.

Sincerely,

Jan Stewart

Thank you very much to **Carobeth Zorzos** who completed her term in November 2025

Our Vision

Autistic people are full and equal members of their communities.

Our Mission

To enhance the quality of life for Autistic people by being leaders in:

- Developing and providing evidence-based support; and
- Building capacity by sharing our knowledge and expertise

Our Values

- Demonstrating **Respect** by celebrating diversity, supporting inclusion, and advancing the dignity and uniqueness of all persons.
- Demonstrating **Integrity** through truthful, accountable, and ethical actions and relationships.
- Empowering **Choice** by providing opportunities and supporting the right of all persons to make informed decisions.
- Promoting **Collaboration** through person-centred care and partnerships, seeking input and valuing diverse perspectives.
- Striving for **Excellence** through continuous learning and quality improvement.

Strategic Priorities 2023-2027

#1 Service Excellence

A high-performing organization that provides innovative and exceptional services for Autistic individuals and their families, and that supports the future growth and sustainability of the organization.

#2 Organizational Excellence

A high-performing organization with exceptional people able to adapt and provide excellent supports and services.

#3 Sector Leadership

A leader in providing innovative and exceptional services across people's lifespans.

In 2026, the Board of Directors made the decision to extend the current 3-year strategic plan to 2027.

Supported Living and Supported Independent Living

> *"I have gained a sense of independence with the support of Kerry's Place housing initiatives."*
>
> – Supported Individual

Kerry's Place Housing Strategy is well underway with plans for new developments, partnerships and a focus on improving existing homes.

Expanding our Housing Supply with New Homes

- **Leparc** was acquired to replace the McLaughlin home in Peel Region and will accommodate 6 supported individuals. It will be undergoing renovations, targeted for completion in 2026-2027.
- **Orangeville** is the site of our first new build project to address the growing need for specialized housing and support services. The new home will accommodate 10 supported individuals with a target completion in 2027-28.

Improving Safety and Comfort of Existing Homes

- **Kerry's Place invested $1.6 million** this year in updating and renovating our homes, including major updates at Doane and a full basement renovation at Amanda.

Building Partnerships for Affordable Living

- We partnered with the City of Toronto, CreateTO, CMHC, Alterra Group of Companies and Mahogany Management on the 777 Victoria Park project to deliver 3 new affordable housing units to Autistic people in their community. When complete, the large-scale project will deliver 705 new purpose-built rental homes, including 256 affordable rental homes.
- We partnered with Daniels Corporation and Choice Properties on the Uniti Rental Residence in Brampton to welcome 5 new residents to their inclusive and affordable residences. These affordable homes are supported by the Community Agency Subsidy Program in Peel Region.

Our Housing includes:

57 Supported Living Group Homes and ...

31 Supported Independent Living Units which provide ...

275 individuals with a safe and welcoming home.

Uniti has already made an impact on supported individuals so far:

A Fresh Start: After months in a shelter, one person has stable housing and a place to call home with his dog.

Finding His Way: A man rebuilding after loss now lives independently, works part-time, and is thriving with renewed confidence.

Fostering Community and Connection

Community engagement continues to play an important role in fostering a strong and connected culture across Kerry's Place. Here are a few highlights of the activities supported individuals participated in:

- Annual Wonderland Day
- Visit to Medieval Times
- Organization-wide outing to see the Toronto Blue Jays
- Newmarket Santa Claus Parade

Throughout the year, individuals pursued and achieved goals reflecting their interests and aspirations, and we celebrated their progress during annual Outcomes Day. Some learned new skills such as horseback riding, gardening, and making homemade jam, and others participated in new experiences like camping, river boat cruises and travel.

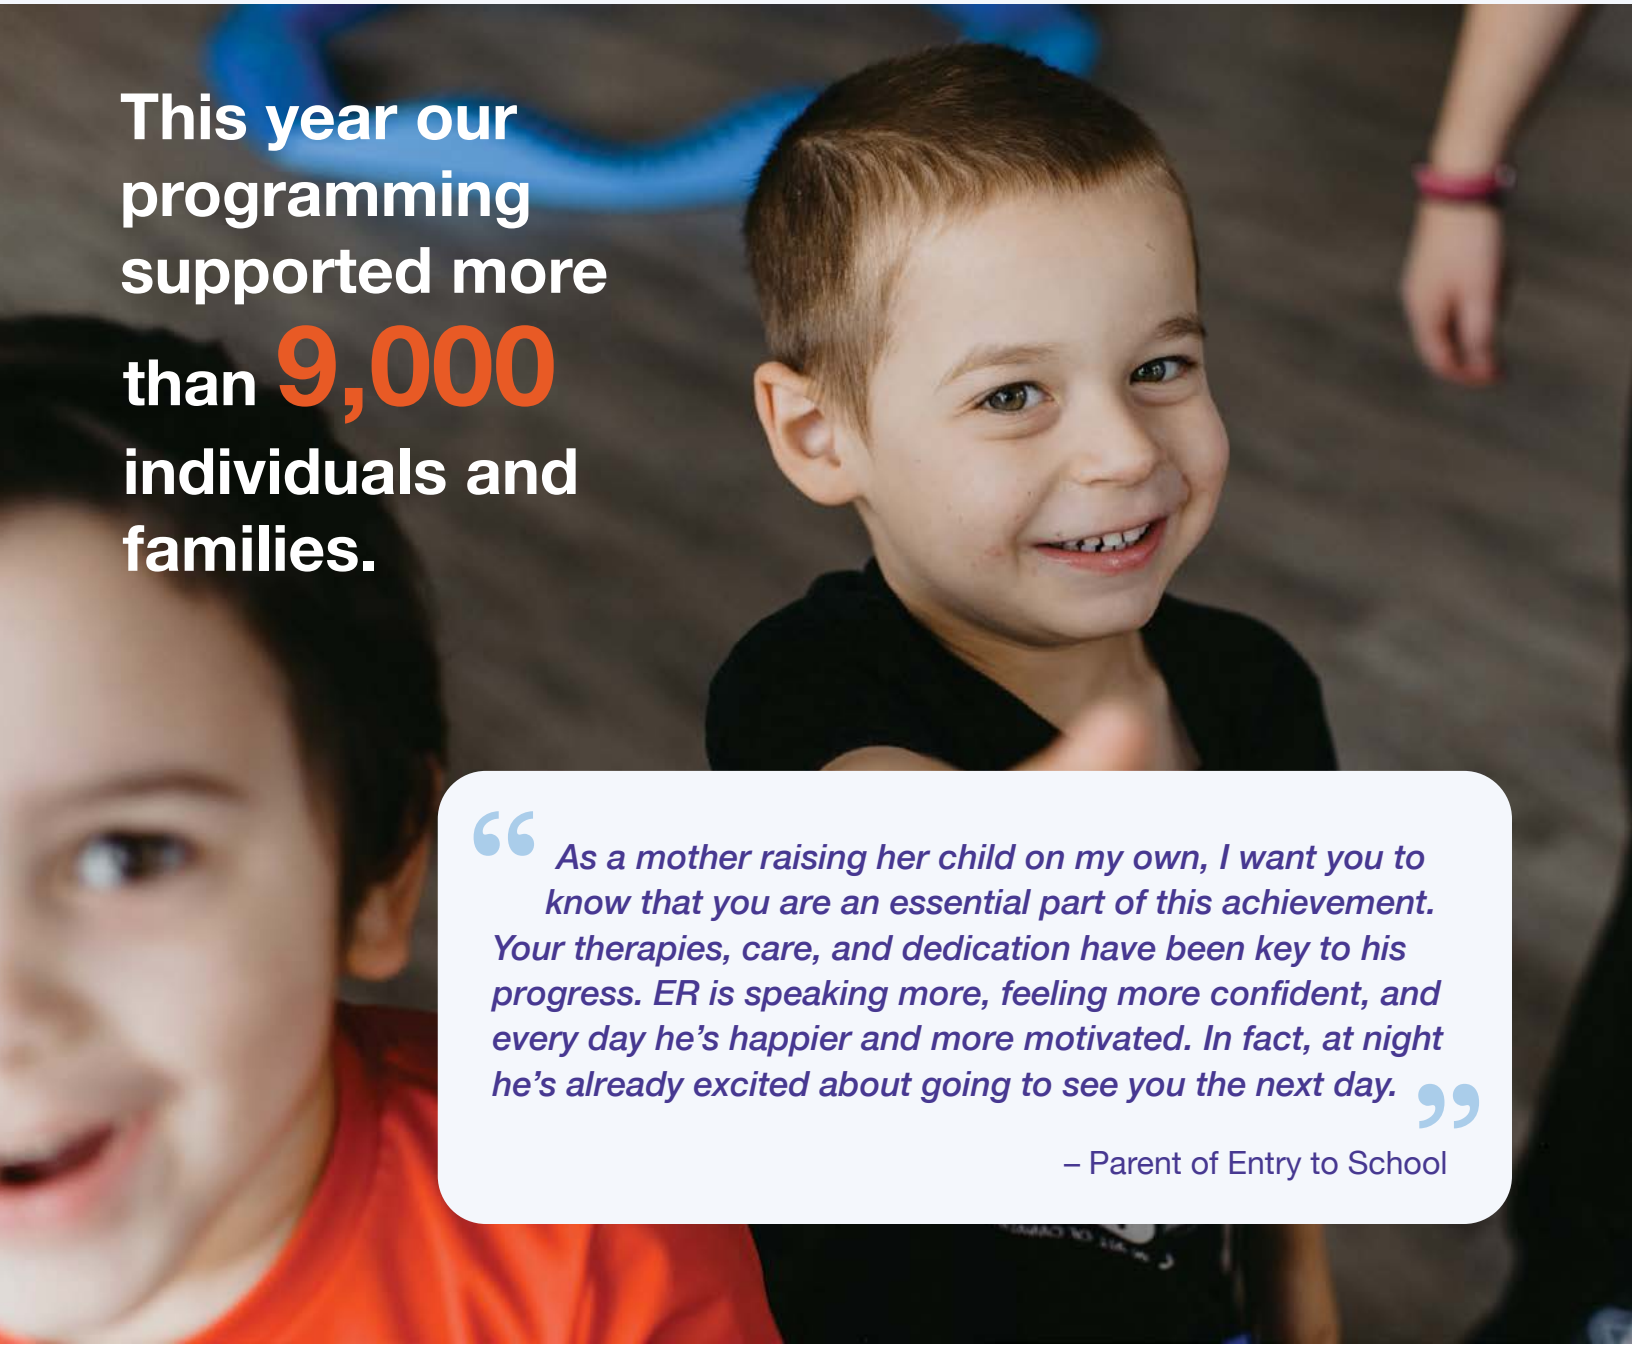
This year Kerry's Place Social Events Committee organized

71 activities & outings

for supported individuals and families!

Community Services and Supports

Kerry's Place Community Services and Supports enable Autistic people of any age or ability to build skills, gain independence, make friendships, and achieve their goals.



This year our programming supported more than 9,000 individuals and families.

> *"As a mother raising her child on my own, I want you to know that you are an essential part of this achievement. Your therapies, care, and dedication have been key to his progress. ER is speaking more, feeling more confident, and every day he's happier and more motivated. In fact, at night he's already excited about going to see you the next day."*
>
> – Parent of Entry to School

Ontario Autism Program (OAP)

Program	Age	Purpose	2025-2026 Support
Caregiver Mediated Early Years	1 - 4 Years	Focuses on early skill development in communication, social interaction and play, to empower caregivers with practical strategies. Contributes to stronger outcomes in expressive communication and everyday functioning.	**Supported 101 families**
Entry to School	3 - 6 Years	Prepares children for successful transition into kindergarten. Families consistently report increased confidence, improved communication and behaviour, and overall readiness for the school environment.	**Supported 161 families**
Foundational Family Services	Up to 18 Years and Families	Provides essential resources and supports to better understand Autism and build meaningful connections. This year saw the introduction of Family Fun Nights and expansion of supports for siblings and 2SLGBTQ+ individuals.	**Supported 2561 families**
Urgent Response Services	Up to 18 Years	Offers enhanced support to Autistic children and youth with urgent and critical needs, such as clinical, respite-based, and staff training supports in Toronto, and clinical and respite-based supports in York/Simcoe.	**Supported 327 families**
Core Clinical Services	Up to 18 Years	Based on the principles of Applied Behaviour Analysis (ABA) we support children and youth with building independence, emotional regulation, and community participation.	**Supported 242 families**

Recreation & Respite

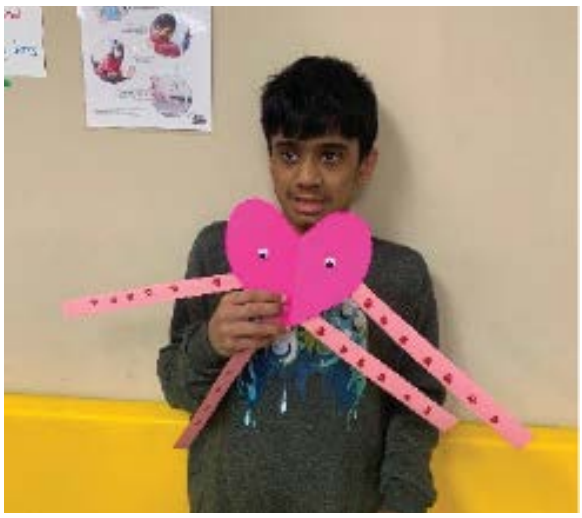
Collaborations with municipalities and sector partners enhanced access to social, recreational, and skill-building programs, including:

- Partnerships with the Town of Milton, Canadian Mental Health Association, Town of Caledon, and Brampton-Caledon Community Living, resulting in the delivery of social groups, wellness initiatives and life skills programming tailored to Autistic children and youth.
- Expanded collaboration with Toronto Respite Network enabling the delivery of seasonal camps and a range of social group offerings, further increasing access to meaningful recreational experiences and family respite opportunities.

Supported **729 kids, youth and adults**

“My child looked forward to the program every week — she enjoyed all the different kinds of recipes they learned. As a parent, I appreciated the use of fresh ingredients and trying a variety of foods. The visual supports also made it easy for my daughter to follow along and feel more confident in the kitchen.”

– Parent, Recreation & Respite Program



Consultation Services & Service Coordination

Consultation Services provided through targeted, individualized guidance, resulted in improved mental health, increased confidence and successful progression into post-secondary education and skill development pathways.

Service Coordination connects families to resources and ensures continuity of care. Highlights include:

- Flowed $3.3 million in Complex Special Needs funding to families
- Strengthened continuity between child and adult services, and supported smoother transitions for individuals and families in becoming an adult Placing Agency with the Ministry of Children, Community and Social Services
- Contributed to successful placement outcomes for individuals with complex needs resulting in improved stability and enhanced quality of life through coordinated family-centered planning.

Supported
2198 people

Transitional Aged Youth & Community Participation Supports

Supported
259 youth and adults

JL participated in Foundations, an Adult Community Participation Support program, to gain volunteer experience for his resume and learn practical skills. JL's Autism Support Associate offered an opportunity to help with the putting contest at Kerry's Place Annual Golf Tournament. He did an amazing job, especially for his first time! JL greeted contestants, explained the rules of the game, kept score, and engaged in small talk which beautifully blended with another one of his goals for Foundations – improving his social skills. It was awesome to see him thrive in so many ways!

Employment Services

Mohammad participated in **EmploymentWorks** from April 2024 to March 2025, attending structured learning sessions and gaining hands-on experience through in-person job sampling sessions with local employers. In Spring 2025, Mohammad joined **Kerry's Place Young Adults Project** and began working with an Autism Consultant to explore employment options. The Autism Consultant approached many employers, including FreshCo's manager who agreed to conduct a non-verbal interview with Mohammad instead of a typical interview. After the interview, Mohammad was hired permanently, initially working two shifts a week with a job coach supporting him. Week by week, Mohammad required fewer job coaching supports and now he's training in a new area of the store and working independently.

Supported

221 adults

in preparing for, pursuing and obtaining employment through EmploymentWorks, Young Adults Project, and Ready, Willing & Able.

"I am immensely grateful for East Side Mario's and all the support I received from Kerry's Place for providing me the wonderful opportunity to let my light shine. I can't thank these two organizations enough for the transformative journey that enhanced my quality of life."

– Felicia, an EmploymentWorks participant

Learning & Development

"I just want to say that (the facilitator) was fantastic and engaging and gave real life examples that really helped tie in the concepts and terminologies she was teaching. It was a pleasure to attend this course and to learn some new things and definitely gave me a lot to think about as a parent in regard to sensory needs. Thank you!"

– Parent and participant

"I thoroughly enjoyed participating in Kerry's Place workshops—Fundamentals of Autism and Don't Tell Me to Calm Down. The sessions were incredibly insightful and have equipped me with valuable knowledge to better support our client with Autism, as well as others who may face challenges during their visit to our office. It was a meaningful learning experience that will enhance the way I approach client interactions moving forward. Thank you! "

– Participant

This year, 1628 participants gained greater knowledge and understanding of Autism through Kerry's Place workshops, courses, and professional training opportunities.

Training to Support Inclusive Futures

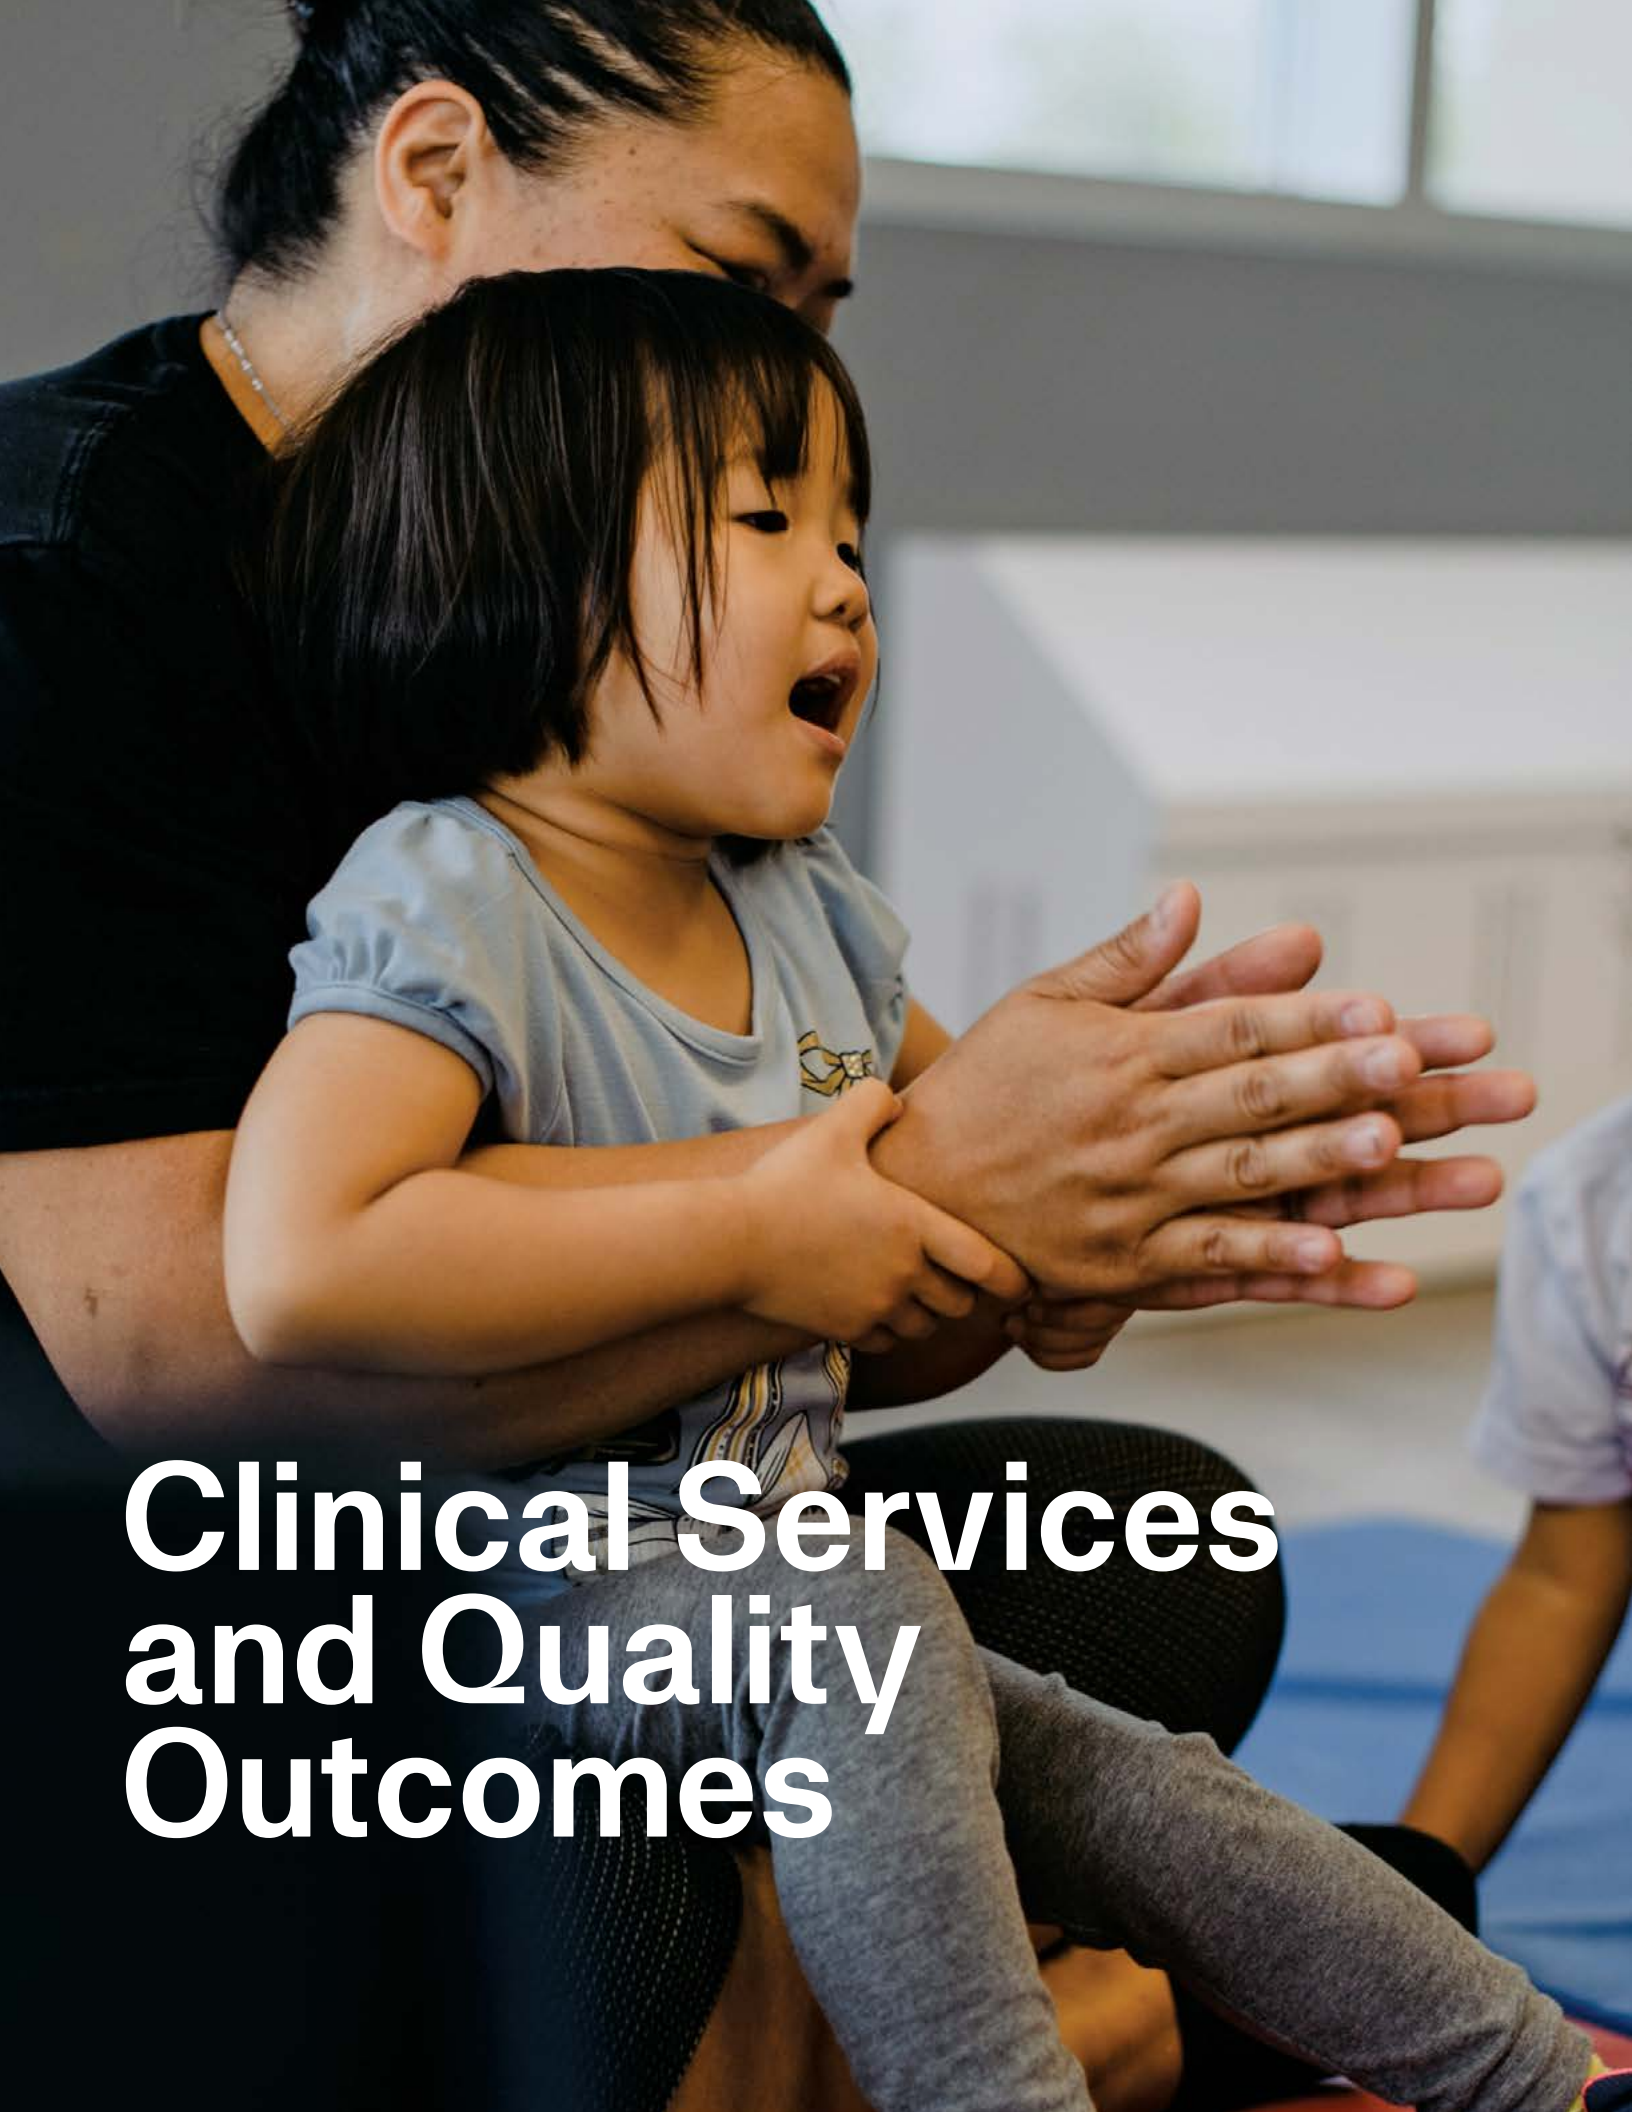
Through the **EnAbling Inclusive Futures Grant**, funded by the Ministry of Seniors and Accessibility, Kerry's Place piloted a training initiative designed to support organizations in building Autism awareness and implementing neuroinclusive practices. The project emphasized the inclusion of lived experience in its development and delivery, reached multiple community organizations, and produced a widely distributed resource guide that continues to support ongoing learning and inclusion efforts.

Purchased Services

Kerry's Place offers select services that can be accessed through eligible ministry funding or paid for privately, giving families and individuals greater choice and flexibility.

These include:

- Clinical services such as individual clinical support and skill-building groups
- Respite and adult services
- Training and workshops
- Employment services



Clinical Services and Quality Outcomes

Quality Improvement Plan

In the last three years, Kerry's Place achieved significant milestones in quality improvement through our Quality Improvement Plan initiatives:

- Developed additional Models of Care in alignment with our Person-Centred Approach
- Enhanced processes to identify changing needs in our continuum of care
- Built standardized best practice processes through feedback and oversight of internal committees.

Evolving Models of Care

The **Psychiatric Model of Care** was rolled out in January 2026 to establish a framework that improves quality, access, and consistency across the organization.

The result is a standardized and efficient framework for psychiatric care, clear guidance on appropriate service frequency and scope, improved collaboration across disciplines and scopes, and a strong emphasis on person-centred care tailored to the needs of individuals in Supported Living.

The **Nurse Practitioner Model of Care** has evolved. A recent literature review and environmental scan, conducted to identify how the health and/or medical needs of Autistic individuals are supported, showed that Kerry's Place is unique in having a Nurse Practitioner on our team working directly with supported individuals. The Model of Care was shared with teams in April 2026 and will be evaluated for 18 months.

The **Behaviour Intervention Model of Care** was implemented in January 2024 to increase the quality of clinical supports delivered and introduce a goals-based approach to providing more focus for those receiving intensive support. Positive impacts include:

- More collaboration between Clinical and Operations through the clinical prioritization process
- Increased goal achievement maintained over time
- More proactive support, with increased ability to prioritize other forms of goals outside of behaviour reduction.

Research Initiatives

In our commitment to supporting and disseminating research-based findings and best practices, this year we:

- Continued collaboration with Brock University on the Group Living Compatibility Assessment Tool (GCAT) designed to predict housemate compatibility in Supported Living settings
- Continued participation in research on a cultural competency-tool developed by Carleton University
- Presented research at multiple conferences in Ontario
- Facilitated Authorized Continuing Education events on topics like Sexual Health Education.

Human Resources

Workforce Snapshot

708 full-time employees

433 part-time employees

8.25 average years of service

Recognizing our Amazing Employees

This year an incredible 122 employees celebrated milestone anniversaries:

27 reached
20+ years
of service at Kerry's Place.

We received
251 Pillars of Excellence
nominations recognizing the great work of our employees at all levels and regions.

Enhancing Recruitment Effectiveness

Effective recruitment processes are the foundation for attracting top talent. This year we:

- Launched an alternate hiring process, streamlining recruitment in situations without internal competition
- Updated recruitment tools and resources to promote consistent and effective hiring practices
- Strengthened collaboration with hiring managers to support timely, well-informed hiring decisions
- Maintained average time to fill, ensuring strong staffing support for programs and services.

Advancing Our Commitment to Inclusion, Diversity, and Equity

The Inclusion, Diversity, Equity, Accessibility and Anti Racism (IDEAA) Committee launched a monthly calendar of events, built new community partnerships, and hosted a series of interactive workshops led by internal and external facilitators. These initiatives reinforce our dedication to ensuring that supported individuals and employees are recognized as equal and fully participating members of our community.

Kerry's Place Advisory Committees

We are thankful to you!

Throughout the year, Kerry's Place volunteer Advisory Committees provide insight and recommendations to our leadership and management that help guide programming and engagement with supported individuals and families, including:

- Improvements to programs and services
- Opportunities for communication and collaboration among families
- Enhancements to information and resources for our community.

From hosting two Town Halls, on Aging in Place and on Finance, to guiding the implementation of family satisfaction surveys, and supporting community awards, we are thankful for the ongoing impact of our Advisory Committees who commit their time and expertise to represent the audiences we serve!

If you're interested in learning more or volunteering for an Advisory Committee, visit **kerrysplace.org/about-us/committees**.

Fundraising

A huge THANK YOU to our community for their generosity and support in transforming the lives of Autistic children, youth, adults, and their families. Some of this year's amazing fundraising events include:

MAY

Trim Tech Interiors and Glass – Annual Charity Car Show, Oshawa

Raised $7,095

Jason Bowen and his dedicated team came together to highlight the importance of charitable giving and the work of local business as they raised funds to help others in their community.

JUNE

29th Annual Kerry's Place Golf Classic, Nobleton

Raised $133,487

Despite rain, windstorms and power outages, it was a great event! The support of our generous sponsors, donors, committee, and participants ensures support for the expansion of Kerry's Place Housing Strategy.

Walk for Sue – 5K Memorial Walk, Aurora

Raised $3,172

Ruthie Duchon and her family walked in honour of their beloved mother, Susan Pettle. Supporting Autism services and inclusion was a cause close to her heart.

SEPTEMBER

Golf Tourney held by Kiwanis South Mississauga, Milton

Raised $4,000

Ed Balyk has run this tournament for many years with the funds dedicated to Autism camps in Mississauga. The devoted team ran a great event.

DECEMBER

Giving Tuesday

Raised $31,337

Donors were invited to support thoughtful, customized housing options for our residents through a campaign highlighting the story and success of one of our supported individuals.

Fundraising Capacity Building

Kerry's Place Fundraising addresses the gaps in current government funding as well as the rising costs in renovations and maintenance of our aging residential homes and expanding our capacity under our new Housing Strategy. We had two very generous and important partnerships to support fundraising capacity building:

The Catherine and Maxwell Meighen Foundation

Supported the acquisition of a modern Fundraising Customer Relationship Management system and the hire of an experienced Manager of Annual Giving. This enables us to improve donor relationships, craft better fundraising strategies and campaigns, and more effectively develop our operations.

The Muir Family

Secured the services of Ketchum Canada (KCI) Fundraising Consultants to complete a Campaign Planning Study. This is a critical step that will act as a blueprint for successful campaigns, supporting the Housing Strategy with a tailored, evidence-based plan.

Thank you to our Donors

Thank you for being part of our community. Continuing to build brighter futures for our supported individuals is only possible because of your generosity!

Financials

Kerry's Place is committed to maintaining a high standard of transparency and accountability in all financial practices.

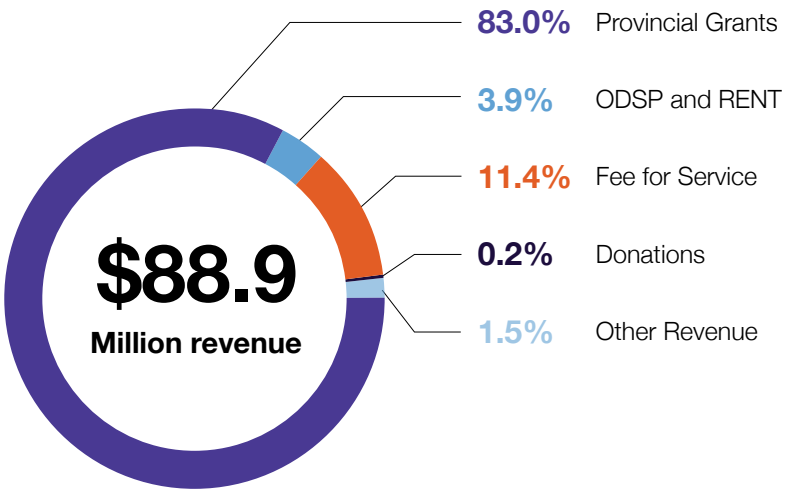
Our strong fiscal position has enabled us to achieve our strategic objectives while making targeted investments to support long-term sustainability.

For the fiscal year ended March 31, 2026, Kerry's Place received an unqualified audit opinion from KPMG, reflecting the organization's sound financial management and controls. Our primary sources of program funding and grants include:

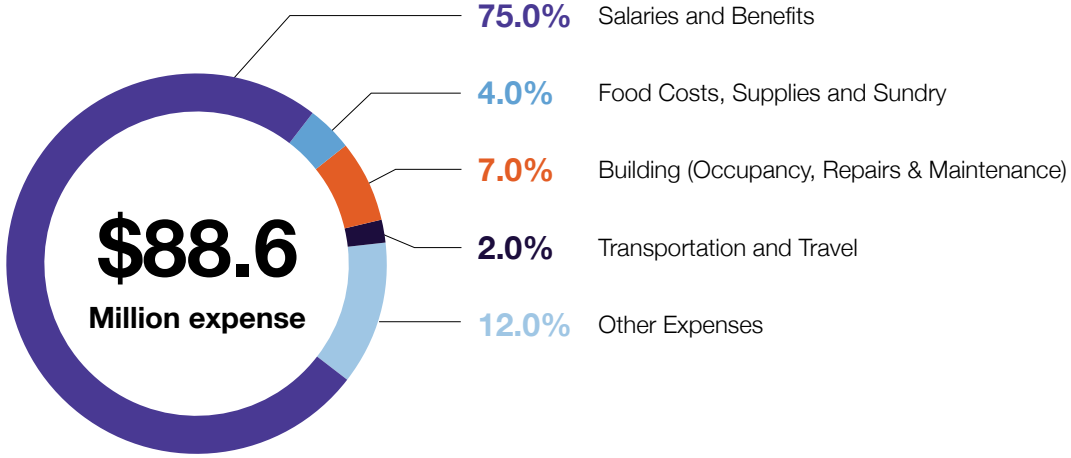
Ministry of Children, Community and Social Services (MCCSS): Annual and one-time funding totaling $73.8 million, representing a 1.6% increase over the prior year.

Fee for Services: Revenue totalling $10.1 million, reflecting a 2.5% increase year over year. This includes revenue from Purchased Services, Ontario Autism Program partnerships, and Passport Program funding.

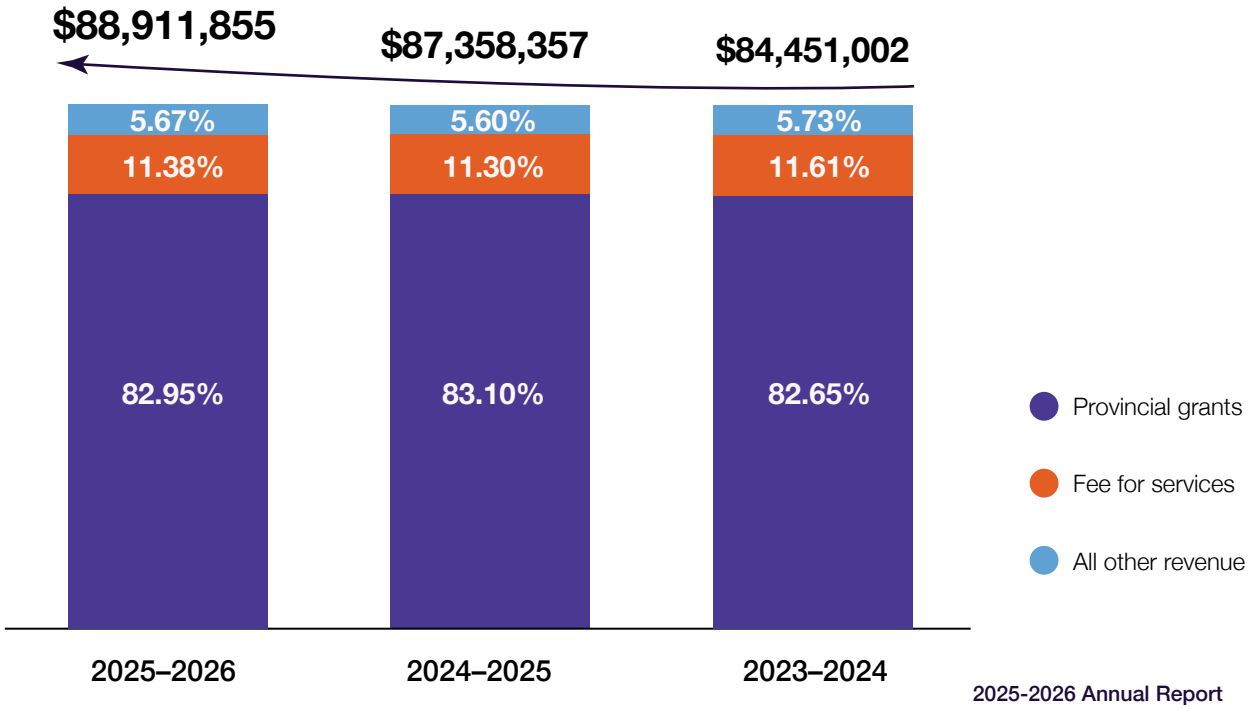
Sources of funds



How funds were spent



3 Year revenue trend



In Loving Memory

Remembering Bernadatte (Burnie) Feeney

We were deeply saddened by the passing of Burnie Feeney, a cherished member of our community, who passed away in the hospital on June 4th at the age of 60.

She was part of the Supported Independent Living program in Toronto for over 25 years and, during that time, she brought joy, laughter, and warmth to those who had the privilege of spending time with her.

Burnie was an active and well-known member of her community and participated in a variety of activities such as cooking classes where she enjoyed learning new recipes, attending a weekly Active-8 program, bowling, and playing cards. But most of all, Burnie enjoyed the small things in life, like spending time with those who were important to her, including her beloved family, peers, staff members, and friends.

Burnie will be remembered for her kind nature and the deep connections she formed with those around her.

We'll miss you Burnie.

More of what our community has to say...

Wow thank you so, so much. This was a huge step for him. He's been everyday now since you took him. I bought him a pass. Loved, loved the pictures.

Such a big step for him and myself. How well he did at camp. First time in 7 years I've tried. And first time since 2020 that he's even been into any public places.

– Parent

Kerry's Place gave me a whole new understanding of Autism. I am so thankful to have been able to be a part of this course as it has exceeded my expectations and knowledge and has made me more comfortable around my clients as I never had any training in Autism in the past.

– Participant

I wanted to let you know that our son has been offered a permanent placement. And we wanted to thank you for having him stay with you at Kerry's Place. We couldn't have got through all the difficult times while his dad was sick without your help. Whenever we needed help you always went out of your way to accommodate. We will never forget your kindness.

– Parent

I gained so many more tools to put in my tool box to help my son cope with his everyday challenges.
